These include, but are not limited to: error in hardware, software, internet connection or any force majeure (i.e. flood, extraordinary weather condition, earthquake, or other act of God, fire, war, insurrection, riot, labor dispute, accident, action of government, communications or power failure, or equipment or software malfunction). Margin Trading

Trading in foreign exchange and bullion, particularly margin trading, involves the potential for profit as well as the risk of loss. This may vastly exceed the amount of money you commit to any trade or transaction. Movements in the price of foreign exchange or bullion rates are influenced by a variety of factors of global origin, many of which are unpredictable. Violent movements in the price of foreign exchange or bullion rates may result in action by the market. As a result you may be unable to settle adverse trades. Rev Trading staff are unable to guarantee the accuracy of any market predictions (should they offer such predictions) and cannot guarantee a maximum loss that you may suffer.

Demo Platform

The virtual funds available via your demo platform allow you to familiarize yourself with our trading platforms, and any gains or losses incurred while trading in a demo environment are not suggestive of results you may achieve when trading on a live platform.
